16% Kick Start Calf

hn220

Calf starter for calves up to 300 lbs.

Promotes appetite for early consumption and growth

Rumensin for control of coccidiosis

High quality fiber for healthy rumen development

KICK START CALF is all about performance. This textured complete feed will get calves off to a great start whether you are feeding dairy beef or show steer and heifer calves. **KICK START CALF** is the perfect addition to your feeding program and is ideally fed to calves from birth to 90 days old. The attributes of **KICK START CALF** will make a great difference in starting your calves because it: contains Rumensin for control of Coccidiosis, promotes appetite and feed consumption for growth, promotes increased rate of gain, has a high quality fiber for a healthy digestive system, includes extra fat to promote a bloomy shine and condition, and fortified with vitamins and minerals needed for growth. In addition to these great characteristics, you will find that the quality of this feed doesn't stop with the ingredients. **KICK START CALF** smells great and is consistent in its look and feel bag after bag. Your calves will start early and stay on **KICK START CALF** which is essential for proper growth and development. Trust that **HIGHNOON FEEDS** is providing you with a product that performs to our strict standards of quality and palatability.
