Grand Slam Show Goat

HN402

Formulated for the Championship Drive

1/8" pellets for easy consumption without sorting

Start feeding at about 65 to 75 lbs depending on condition

Energizes muscle mass, firm touch and firm condition

Ammonium Chloride added to promote urinary health

Zinpro added for fast bioavailable minerals

HighNoon Feeds formulated **Grand Slam Show Goat** to put on that Championship look and touch. This feed will exceed the demand for peak performance in the show ring. **Grand Slam** is made in a 1/8 inch pellet for easier consumption and easy transition from the **PERFECT START**. You will soon see why we came up with the name of this feed once you start feeding it. **Grand Slam Show Goat** gives your goats the firm mass, energized muscle shape and the grand slam touch for the championship drive. When fine tuning your feeding program, remember to incorporate **HighNoon's Top Dresses**. We'll put the finishing touches on your show goats.

Guaranteed Analysis:

Feeding Directions

GRAND SLAM SHOW GOAT HN402

Decoquinat.....22.7grams/ton

Crude Protein	min	16.0%
Crude Fat	min	3.5%
Crude Fiber	max	15.0%
Calcium	min 0.7%	max 1.2%
Phosphorus	min	0.6%
Salt	min 0.25%	max 0.75%
Selenium	min	0.3 ppm
Vitamin A	min	13,000 IU/lb.

Feed two pounds of **GRAND SLAM** per 100 pounds of body weight to supply 22.7 mg of Decoquinat. Start transitioning your meat goats over to **GRAND SLAM** when your goats are about 65 to 75 lbs depending on condition. Mix with the feed you are currently feeding and gradually increase to your desired blend over a week to 10 days. At this time it is a good idea to start top dressing about 4 oz. and increasing to the level needed of **HIGH GLO** or **Original Glo** per head per day. Always provide clean, fresh water daily for better health and feeding results.
