HIGH GLO Top Dress hn503

- Animal protein free top dress.
- Brings out that full muscle mass and loin edge.
- Firm, smooth uniform condition and touch.
- Has been used in holding rations.
- Promotes that healthy athletic look.
- Promotes healthy skin and hair growth.
- Zinc and related mineral pak to promote reproduction.

High Glo is the top dress product that truly fits with the demands of today's show livestock. Incorporating **HIGH GLO** into your feeding program will help you attain the goals of what the industry is looking for in all species. **HIGH GLO** will help your animals increase their overall performance by energizing and adding fullness to the muscle. Additionally, you will see an increase in overall bloom and completeness of condition across the rib that is desired in show livestock today. Since its introduction in 2001, **HIGH GLO** has helped hundreds of feeders and fitters achieve their winning goals in the show ring. Countless lambs, pigs, goats and cattle have performed to new heights with **HIGH GLO** as part of their diet. Now more than ever, this is a product that fits the demands of our livestock in the show ring.
