## Heifer-Calf Developer

hn201

- Very palatable texturized feed.
- Adds bloom and muscle shape.
- Promotes hair growth and shine.
- Quality fiber to promote and develop a healthy rumen.
- Keeps internal fat to a minimum in your breeding heifers.
- Gets your weaning calves off to a great start.

**HIGHNOON Heifer/Calf DEVELOPER** is a complete and balanced texturized feed formulated to get your calves and heifers off to that perfect start by promoting a healthy ruminant. It will also grow frame, while putting on mass and muscle shape you'll need to compete at an early age. You will love this feed as it will bring balance, promote bloom, hair growth and shine, while keeping internal fat to a minimum to give your heifers that reproductive advantage. **Heifer/Calf DEVELOPER** will work great on those weaning calves and young heifers that are in a quicker growth curve and need to be fed a higher fiber, lower energy feed. Cattle will love the texture of this enhanced, highly palatable, blended feed, thus creating optimum intake with great results.

You'll want to get your calves and young heifers off to a great start with **HIGHNOON HEIFER/CALF DEVELOPER**.....

#### Heifer/Calf Developer hn201

Crude Protein	min	13%
Crude Fat	min	3%
Crude Fiber	max	17.0%
Calcium	min 0.4%	max 0.8%
Phosphorus	min	0.30%
Salt	min 0.10%	max 0.30%
Potassium	min	0.10%
Selenium	min	0.10 ppm
Vitamin A	min	2,500 IU/LB

Start calves on 5 lbs/hd./day and every three days increase by one pound of feed until the cattle are eating approx. 2% of their body weight on an as fed basis. Also feed approx. 1% body weight of hay each day. Start adding the High Glo or Original Glo at approx. 4 oz/hd./day and increase the amount by 2 oz/hd./day as the cattle put on each additional 100 lbs. Once calves have grown to approx. 700 to 800 lbs. depending on condition, then they are ready for the "SHOW STOPPER". Always provide clean fresh water daily for better health and feeding results!
